

Annual General Meeting 24 January 2018

Adrian McLachlan, Chair of Lambeth Clinical Commissioning Group and GP will share his thoughts on what is in store for general practice.

General practice is facing fewer GPs going into partnerships, increases in the number of locums being used, the emergence of online and e-consult GP services and closures/mergers of practices.

What does this really mean for the future of general practice and what is the impact on patient care, access to GPs, appointments and services?

PPGs do and can play an important role in supporting practices and GPs in a variety of ways. Let's think creatively about how we can extend that support to make a real difference.

Come along and hear Adrian's thoughts and share in a wider discussion.

Do join us from **6pm** on **Wednesday, 24 January 2018** at **336 Brixton Road, SW9 7AA** (registration from 5.30pm). Refreshments will be provided.

Copies of our Annual Review and accounts will be available. Electronic copies will be posted on our website (www.lppgn.org.uk) after the meeting.

We look forward to welcoming you.
